

the **finishline**™

FOUR PRE-FINISHING SOLUTIONS TO SAVE YOU TIME AND MONEY!

> **CustomColors**™ > **UV LabCoat**™ > **FirstStep**™ > **UV Wood**™

Since 1996, Columbia Forest Products' FinishLine has delivered millions of pre-finished panels to the industry. For a durable, UV-cured, clear top coat we offer **UV Wood**; for a custom-matched stain we have **CustomColors**; for a lab grade, chemical-resistant finish we can supply **UV LabCoat**; or if your project is to be painted, then we offer **FirstStep**, our pre-primed, ready-to-paint panels.

FOREST PRODUCTS™

FEATURES & BENEFITS

- **Pre-finished surface** reduces labor time, increasing productivity and efficiency in fabrication and prevents bottlenecks common at the spray booth.
- **Four regional FinishLine facilities** across North America for consistent availability and prompt delivery.
- Over 50 years of making the industry's **superior hardwood plywood**.
- **FSC® Mix** panels available at time of order placement.

WHAT OUR CUSTOMERS SAY ABOUT THE FINISHLINE PRODUCTS:

“The primed panel has greatly reduced our spray booth bottleneck which is always an issue. With the primed panel, we can save from 1 to 1.5 days per kitchen completion.”

— John Propps, Challenge Ltd, Myrtle Beach, SC

“The CustomColors stain allows us to do something that we couldn't do before. It's a winner!”

— David Loeb, owner, Innerspace, Miami, FL

FOR MORE INFORMATION, PLEASE CALL ONE OF THE REGIONAL NUMBERS LISTED OR VISIT WWW.CFPWOOD.COM

UV WOOD™

Pre-finished hardwood plywood panels featuring a clear, durable topcoat. It's scratch-resistant and enhances the beauty of real wood veneers.

UV LABCOAT™

SEFA certified chemical-resistant finish used in labs, schools, and other commercial installations that require a laboratory finish.

CUSTOMCOLORS™

We custom match your color with a UV-cured, 100% solids stain using state-of-the-art equipment and provide superior quality and consistency.

FIRSTSTEP™

Pre-primed, ready-to-use panels. Eliminates sealing and priming steps in your finishing process. Just sand for smoothness, then paint.
